Full programme for the week: www.ourtottenham.org.uk

OUR Voices, OUR Neighbourhoods, OUR Communities!

Saturday 11th October

Our Tottenham Community Conference: Moving Forward Together

To strengthen co-operation and solidarity, and to work together for what we want for our neighbourhoods. Including developing community plans & community-led regeneration.

11-4pm @ North London Community House, 22 Moorefield Road, N17 6PY

Organised by the Our Tottenham network

Tottenham is a great place with a rich social and architectural history, made up of vibrant, diverse and talented communities. We want to ensure this continues!

The Council and property developers are promoting their 'Plan for Tottenham'. It's not all bad but will lead to large-scale development, increased rents and unaffordable housing, the loss of many independent local shops and businesses and closure of some community facilities. It will seriously impact our communities, and force many local people out of the area. This is unacceptable. It doesn't have to be like this.

Solidarity is spreading among Tottenham's community groups, who're supporting local homes and businesses facing demolition, distributing leaflets, holding street assemblies and conferences, responding to consultations, lobbying the powers-that-be, and developing their own Community Plans for the future.

Together we are very powerful. We call on local people to campaign to...

- Stand up for decent and affordable housing for all
- Defend community facilities
- Support small businesses
- Promote quality design and respect for heritage
- Improve the street environment
- Support youth voices, services and facilities
- Empower our communities
- Develop local community plans

The key thing now is for the people of Tottenham to get together in every neighbourhood and really speak up for ourselves...

Our Tottenham network is backed by 45 local community groups. Why not get involved?
